Tacho

RED ROSE TRAINING
Working towards a better future

INFORMATION SHEET

The Tachograph & Drivers Hours course is a mixture of classroom based theory and video presentation.

Tachograph covers drivers charts, completing and recording data, analysing, MOT testing, re-calibration together with legal requirements for employers and employees.

Drivers hours will include single and double manning, breaks from driving, daily and weekly rest periods, other duty time and record keeping.

The theoretical test is normally carried out at the Red Rose Centre. As an alternative, this can be arranged at clients premises, subject to suitable facilities.

On successful completion, students will receive a Certificate of Competence in Tachograph and Drivers Hours.
